RE: **MY Complaint against POLICE - PC VIRK** ref PC-4892-17
ref: **HARASSMENT to Pervert JUSTICE**

Cc'd to **CEO MOJ Susan-elizabeth: ACLAND-HOOD ANDREWS**

Dan

Thank you for your response below.

I can confirm that I am happy to **accept an apology from PC VIRK providing** and on condition, that apology comes hand in glove with the withdrawal of her POLICE harassment notice.

Should this not be the case and her intention might be to apologise about the manner of her call but yet to continue with her harassment notice, I will have no choice but to use the recorded phone conversation or the transcript of such

[<http://www.opg.me/POLICEphone1020amSUNDAY19112017.mp3>], as evidence of the **corporate Ministry of Justice's CEO, Susan's** collusion and conspiracy with the corporate police, to **attempt to pervert the course of true justice** by **HARASSMENT & INTIMIDATION** aggravated by **threatening behavior**.

Additional to the above, I will attach the POLICE **business CEO** & chief of your Police Area to the **LIABILITY CONTRACT** that is today as of now established and perfected attached, for ten million pounds per each respondent jointly and severally liable. As per what is written within this contract... copy hereby linked & published .. <http://www.opg.me/1FULL63pageCONTRACT21122017.pdf>

You must understand what I previously alleged, is that the corporate police are being used as a tool to cover up white collar criminal fraud and that this must be stopped, the police are failing to investigate and in fact **are condoning frauds** or so it appears, as such I have a duty to report that crime which I have done on countless occasions and where it is not being dealt with I have the duty to deal with it myself.

I trust this clarifies my position.

Best wishes to you too and all the best for Christmas with your family.

Thank you for your reply.

For clarification, I am acting as a Metropolitan Police representative, investigating a complaint you made against PC Virk.

I note at the conclusion of your initial reply, you state you would like an apology from PC Virk. Please confirm if this is still the case and I will speak with her directly?

I will not be investigating the issues raised relating to previous court visits.

Best wishes

Mr Clarke

I have been asked to make contact with you in relation to your recent complaint about police.

Please could you confirm that that the below heading is correct:

Threatening Behaviour: PC Virk threatened you during a phone call about an ongoing allegation of
harassment.

If you would like to add some background information and any particular language that was used, this
may be helpful.

Many thanks
