Fraud by false representation Section 2

1. my mother, the living sentient being, **ann:clarke** has representation by **executor** agreed by the judicial authority invocation of her living will - 1837 act contrary to part 24 dated 20.8.2012 -<http://opg.me/will20082012.pdf> promptly served upon the man **jackson** prior to more orders

Fraud by Concealment of documents sect 3 of Fraud Act 2006 & under CPR rule 5.4 (2)

1. The Office of the Public Guardian 7 years ago 2010 completed a 'so called' investigation into alleged misconduct of the deputy agent of the court of protection man **hugh-adrian-scott:jones** and provided a 3 lined answer after 7 long months, alleging no wrong doing. When pressed for the full report IT WAS REFUSED! & **CONCEALED.**
2. Likewise today we're here after 17 years fighting for justice we have gone full circle where the court conducted its own harbin v masterman enquiry and have again **concealed** its content.
3. Accounts in a detailed fashion to clear up allegations of thefts, where, man **denzil-anton: lush** claimed charges would be no more annually than £2500 where upon the 2rd year it was revealed the theft of the 1st years charges were £26,377 still not accounted for! **Concealed!**

Fraud by Abuse of Position by Section 4 of the Act

<http://opg.me/x1.pdf>

1. In 2013 the Court of Protection man **philip-mark:pelling** did knowingly judge in his own cause to benefit himself by the unlawful sending to prison of the living sentient being, carer, son, heir and **executor of ann** judging in his own cause by not providing due process recusing himself and protecting the carer by their own statute rules ie mental capacity act section 5
2. Numerous judgements and orders made and passed by **peter-arthur-brian:jackson** inflicting terrorism upon the claimants after he knew of **THE LIVING WILL & HABITUAL RESIDENCE EMIGRATION**, that failed to give him any jurisdiction.

Fraud by the use & abuse of intellectual property rights of the LEGAL NAME ®©™ to **mike: clarke** ☺

On the 03.8.2012 under judicial authority ann:clarke was declared as having capacity to make a will by man **jackson** and so on 20.8.2012 a **living will** was made and on that day it was notarised by notary and promptly served back to court for its own record. Its content clearly determined whose authority ann came under for any future dealings that the court chose to ignore **and conceal** to this day.

On the 24.9.2012 concerned about the LEGAL NAME FRAUD i man, did trademark and copyright my LEGAL NAME to forbid its use and this was noted in several documents expressed to the courts stating my standing in law as **alive** not dead and therefore not under maritime presumptions/assumptions.

Theft

Theft by overcharges – Theft by forcing the claimants to live from pound sterling which devalued against the euro – Theft by the obfuscation prevention of exchange of UK property to a Spanish villa by man **jones** – more recently outright theft of property by ring fencing it preventing sale by man **jackson** where jurisdiction does not exist! Theft by way of fraudulent charges placed upon the land registry of my mothers property for so called services never received but in fact **concealed!** **THEFT of the intellectual property rights to the LEGAL NAME that is a [®]™© belonging to man, **mike: clarke****

Mal Administration

Forcing upon the claimants hardship and subsequent major duress during a falling pound exchange rate that lost the claimants very substantial sums of money that by such mal administration placed us into intollerable situations of below par living in a foreign country of chosen habitual residence.

Malfeasance and Misconduct of Public Office

Countless submissions of court claims & applications by man have been obfuscated and denied access to a true court de jure by man that the evidence of phone calls recorded, letters, emails etc will prove such malfeasance and misconduct amounting to fraud on and in, the what are now corporate courts.

Racketeering

by dishonest and fraudulent business dealings

The courts are businesses run for profit they are no longer her majesties, they have been userped, likewise so too has the government, it also is a trading business, likewise the fraud extends further to the living sentient beings by non disclosure, under the cestui que vie act of 1666 each and every being has been linked to your ALL CAPS NAME corporate vessel in order to process YOU through a corporate court standing in MARITIME ADMIRALTY LAW of THE SEA decieving YOU/**you** into thinking justice will be served when all it is forcing upon you is such frauds as, 'the law of contracts', personage & barratry!

Quote Lord Acton

Everything in secret degenerates, even the administration of justice; nothing is safe that does not show how it can **bear discussion and publicity.** This fraud by these people is the finest example.

Quote Winston Churchill
