i man mike@rake.net do hereby on this **Monday the 19th September 2016**, as on many other previous days, **claim our divine right of life** and all its **inalienable rights** attached to it, **before god**.

It is fact, that fictitious entities known as corporations ie UK.GOV PLC – **a masonic cabal**, have usurped our rights using fraudulent bogus claims of joinder via the unconversant language constuct **of legalese** by the BAR/CROWN, **to treasonously** enslave us, ie such use of the birth certificate fraud under the Cestui Que Vie Act 1666 without full disclosure, entering us into contract with them, causing us to suffer crimes of **Barratry by Personage**, incorporating personal losses that indeed are torts against us.

Having brought this to the attention on many occasions, via many ways, to many souls & the purpotraitors, their actions continue to no avail and have become dire to the extreme.

As executor to not just my own estate but to my mothers, ann, also in the alive capacity, she too is also being asset stripped and abused by these criminals whom have indeed infected the very heart of the united kingdom.

In the absense of remedy it has therefore come the time to serve upon such fictitious entities our enforced, **official relinquishment of their/your presumed corporate citizenship** distinctly distancing ourselves from the corrupt UK.GOV PLC cabal, that we deem, we were never knowingly a party too and therefore, all, if any, contracts are ALL indeed and always have been by fraud ab initio, **null & void**.

Damages for such actions are claimed and as previously recorded were sent in the form **of a claim** that was served and verified by royal mail recording for the sum of £120,000,000 [one hundred and twenty million pounds] to you all, leaders in the form of justice, courts and priminister, in a document linked here below that has now matured **TODAY** - <http://opg.me/02092016defaultnoticeDEEDPOLLclaim.pdf>

Additional to the above the **Cestui Que Vie act of 1666** and associated trust accounts by birth certificate or/& national insurance numbers were demanded, be collapsed and the associated account balances be paid to the estates of both me and my mother of the **house of clarke** acc772622-16777468
